ADDITIONAL COMPENSATION

Item 5

Cokie Berenyi does not receive an economic benefit (i.e., sales awards and other prizes) from a non-client for providing advisory services. However, she may receive an indirect economic benefit should a client elect to invest in BRI Advisors, a real estate investment company owned by her spouse. BRI Advisors is a single member LLC whose Managing Member is Tony Berenyi, spouse of RTL's owner. BRI Advisors' principal activity is to identify attractive real estate investments and or real estate development projects. BRI also offers comprehensive architecture and engineering services in conjunction with real estate acquisitions and projects it manages. Because of Mr. Berenyi's relationship to the principal owner of RTL and the compensation he could receive, a conflict of interest would exist related to RTL clients participating in BRI Advisors investments. Although RTL clients have been allowed to invest with BRI Advisors, such investments will only be made on a very limited basis and only at the client's discretion.
